

INNOVATION AND STRATEGIC MANAGEMENT (M.S.)

Accredited by the International Accreditation Council for Business Education (IACBE)

Our program is designed to enhance students' creative, entrepreneurial and socially responsible problem solving skills. Students from all majors will benefit from challenging theoretical case studies and creative analysis for today's fast-paced and global business environment. The capstone project incorporates research, innovative decision-making, marketing and strategic management of human resources for a socially responsible, cost/benefit analysis of real organizations. An undergraduate business degree is not required.

Following completion of an approved program of 12 courses (36 credits) and all degree requirements, the Master of Science in Innovation and Strategic Management degree is conferred.

Required Courses

Code	Title	Credits
